1. Introduction and Overview

Rationale

The purpose of this policy is to:

- set out the key principles expected of all members of the school community at St Matthew's CE Primary School with respect to the use of ICT-based technologies.
- safeguard and protect the children and staff of St Matthew's CE Primary School
- assist school staff working with children to work safely and responsibly with the Internet and other communication technologies and to monitor their own standards and practice.
- set clear expectations of behaviour and/or codes of practice relevant to responsible use of the Internet for educational, personal or recreational use.
- have clear structures to deal with online abuse such as cyberbullying which are cross referenced with other school policies.
- ensure that all members of the school community are aware that unlawful or unsafe behaviour is unacceptable and that, where appropriate, disciplinary or legal action will be taken.
- minimise the risk of misplaced or malicious allegations made against adults who work with students.

The main areas of risk for our school community can be summarised as follows:

Content

- exposure to inappropriate content, including online pornography, ignoring age ratings in games, radicalisation sites (exposure to violence associated with often racist language), substance abuse
 - lifestyle websites, for example pro-anorexia/self-harm/suicide sites
 - hate sites
 - content validation: how to check authenticity and accuracy of online content
-

Contact

- grooming
- cyber-bullying in all forms
- identity theft (including 'fraud' (hacking Facebook profiles)) and sharing passwords

Conduct

- privacy issues, including disclosure of personal information
- digital footprint and online reputation
- health and well-being (amount of time spent online (Internet or gaming))
- sexting (sending and receiving of personally intimate images) also referred to as SGII (self-generated indecent images)

copyright (little care or consideration for intellectual property and ownership – such as music and film)

(Ref Ofsted 2013)

Scope

This policy applies to all members of St Matthew's C E Primary School community (including staff, students / pupils, volunteers, parents / carers, visitors, community users) who have access to and are users of school's ICT systems.

The Education and Inspections Act 2006 empowers Head teachers to such extent as is reasonable, to regulate the behaviour of students / pupils when they are off the *school* site and empowers members of staff to impose disciplinary penalties for inappropriate behaviour. This is pertinent to incidents of cyber-bullying, or other online safety incidents covered by this policy, which may take place outside of the school, but is linked to membership of the school. The 2011 Education Act increased these powers with regard to the searching for and of electronic devices and the deletion of data. In the case of both acts, action can only be taken over issues covered by the published Behaviour Policy.

The school will deal with such incidents within this policy and associated behaviour and anti-bullying policies and will, where known, inform parents / carers of incidents of inappropriate online safety behaviour that take place out of school.
